**TWO DAY - MindBlowing MindBending Language - The Real DNA of MindBending Communication, Martin Castor Peterson**

If I had a dollar for every time I have been asked, "how did you do it?" after a session or demonstration, I would be able to take a lifelong holiday!

With something as powerful and unique as this, a system built into a conscious, unconscious language based on the brain's neurology and the multiplied effects that come with it. The way the tool is communicated and taught is crucial for proper understanding and execution.

Mindbending language is brilliant. It's simply the best way to put it. Used properly, it can virtually perform linguistic miracles and create magical moments that transform clients beyond their positive expectations with almost lightning speed.

*Martin is an ACHE approved school/instructor. Owner of The Hypno Academy based in Denmark, Europe and Las Vegas, NV. Received an ACHE Award for Outstanding Professional Presentation 2018. International celebrity performer with shows in more than 17 countries.*

### September 7

**9:30 am - 5:30 pm • Cost: \$245.00**

*(Int)*

**Mind-Body Hypnosis: Wellness, Recovery & Pain Control, Dr. John Butler**

In this 1-day pre-conference course, Dr. John Butler draws on his vast experience of successfully using hypnosis to help clients with many health problems, as well as chronic and acute pain, and pain experienced during surgical and medical procedures. Scientific studies demonstrate in increasing detail that the body and mind are one system, thoughts and emotions greatly affect the body's healing and regulatory systems through numerous neurophysiological and epigenetic pathways. Hypnosis, when it is effectively applied, is the most powerful method of using these pathways.

Dr. Butler's dynamic teaching includes live demonstrations, lectures and materials on the scientific basis of hypnosis for the body, effective clinical methods and practical skills training with feedback in the class.

*Dr. John Butler specializes in hypnotherapy for profound change in physical health and emotional wellbeing, including demonstrating hypnosurgery on live television and other media. In addition to training hypnotherapists at his school, he has taught and researched in medical sciences.*

**Medical Hypnotherapy for Multiple Sclerosis - A Case Study, Eva Clark**

This presentation will review lessons learned from a decade studying the effective use of medical hypnotherapy on symptoms of multiple sclerosis.

*Eva M Clark has a full-time practice working with chronic disease. She teaches other practitioners how to work in this field using advanced methods in hypnotherapy, NLP, and parts work. Eva has extensive experience with multiple sclerosis.*

**Presentation - 11:30 am - 12:20 pm**

**Teaching Groups: Practice Building That Pays YOU, Katherine Zimmerman**

You can easily bring in \$250 per hour by teaching groups. Do you earn that from your private clients? Teaching can help you whether you are just starting your practice or would like to attract more clients. Earn a profit while becoming well known in your community. Would you like an opportunity to educate groups of people about the benefits of hypnosis? You can accomplish all this and more by teaching workshops both in person and online.

At least 30% of my students book private sessions following a workshop! They also buy products, increasing their success and boosting revenue. They recommend the workshop to their co-workers, friends and family, which is free advertising for your business. *Katherine Zimmerman, an internationally-known author and speaker, Certified Clinical Hypnotherapist, Reiki Master, and EFT Practitioner. Katherine is the Director of the California Hypnotherapy Academy and a former guest lecturer for UC Davis Medical Center.*

**Lunch - 12:30 pm - 2:00 pm**

**Workshop - 2:00 pm - 5:00 pm - \$35\***

**Using Parts Work in Trance, Eva Clark**

Hypnosis is used frequently to create suggestions for change - putting new information and behaviors INTO the subconscious mind. It is also a powerful tool to get information OUT of the subconscious mind. Parts work is an effective method for doing this.

Learn how to do Parts work in trance. This method can bring clarity to the underlining messages your client's subconscious has been communicating through their presenting problems and symptoms.

*Eva M Clark has a full-time practice working with chronic disease. She teaches other practitioners how to work in this field using advanced methods in hypnotherapy, NLP, and parts work. Eva has extensive experience with multiple sclerosis.*

**Workshop - 2:00 pm - 5:00 pm - \$35\***

**From Pain to Gain, Liza Boubari**

We all suffer from some sort of Pain. To Heal Within... you are only ONE thought away from transforming from PAIN to GAIN - You Matter. Some suffer from physical pain, others go through mental anguish and many suffer from what we now know as emotional pain. Emotional pain is pain or hurt that originates from non-physical sources. This psychological pain can be intense and significantly affect many different areas of your life. Personal growth and development is a transformational process in our physical, emotional, intellectual, spiritual, and/or social state.

*Liza earned her Clinical Hypnotherapy Certification from the Hypnotism Training Institute of Glendale in 1996. A motivational speaker, author, she is also a Certified Stress Management Counselor, Anger Management, and Domestic Abuse Consultant.*

**Presentation - 2:00 pm - 2:50 pm**

**Looking Back, Going Forward, Waxkirsh/Lumaire**

Regression therapy has become a classic format in hypnotherapy. By looking back at the history of this technique we understand where it came from, how it evolved and how it became the success it is today.

We start from the first experiments made in France at the end of the 18th century with the Marquis de Puységur, as well as the imaginationists, De Faria, Hénin de Cuvillers and Bertrand. Onward to England to

see the likes of Elliotson and Dickens and conclude our travels in the 20th century USA with Quimby, Elman, Boyne and Churchill. Taking on board some of the epic adventures, studies, and wisdom of these forerunners we get to learn the subtleties and strategies of this therapeutic method.

*Sharon Waxkirsh and Dr Brice Lemaire have made joint presentations for ACHE, Hypnosummit, Hypnodontics Summit and DEHI. Both run hypnotherapy schools with a combined knowledge of almost 40 years experience, their background training includes Boyne, Butler, Kein and McGill.*

### **Presentation - 3:00 pm - 3:50 pm**

#### **Heart and Brain Coherence for Creating States of Excellence, Heather Solarie**

More and more analytical research is emerging on daily basis to support the theories regarding the power of heart and brain coherence, to create personal and synchronized states of excellence. This presentation will share the importance of understanding and utilizing this technology and the benefits it provides in any type of hypnotherapy practice and with all types of issues.

Specific techniques will be presented for voluntary group participation to provide a personalized first-hand experience of these simple yet highly powerful and versatile technologies.

*Creating breakthroughs for 30+ years Heather Solarie is a certified Clinical Hypnotherapist and Professional Hypnotherapy Instructor, Certified in NLP, Liberation Breathing and a Licensed Massage Therapist. Heather*

*Trained with Gil Boyne, Tim Simmerman, Dr. Alexander Lowen and Sondra Ray.*

### **Presentation - 4:00 pm - 4:50 pm**

#### **Instant Insight: Make Those Deep Connections!**

#### **Joan Courtney**

You meet someone and realize... they get you! You feel heard. And seen. And valued. But how do they do that? Come learn skills for deep on-the-spot connection through instant insight. Discover which of the 7 personalities you are, discern character framing, and how to determine a personality profile. You can quickly begin to recognize specific traits in yourself and others. Knowing these similarities and differences will allow you to meet people where they are, and appreciate what they have to offer.

Along with personal stories of success, a handout will be provided for your use. This is a fun-filled, interactive, practical presentation, giving you powerful tools to make those deep connections.

*Having over 35 years of experience, Joan Courtney is a clinical hypnotherapist and an NLP practitioner. She specializes in anxiety, depression, and trauma. She has successfully used this ease in communication to quickly connect with clients, family/friends, and the public.*

### **8:30 - 9:20 am - ACHE Members' Meeting**

#### **Executive Director, Dr. John Butler**

### **Workshop - 9:30 am - 12:30 pm - Cost \$35\***

#### **PTSD: Discovering and Releasing the Symptoms, Joan Courtney**

Since COVID arrived, PTSD has become a buzz word these days, not just in therapeutic settings but in everyday life. Just what is PTSD? What are the reasons causing this condition? How do you as a hypnotherapist identify when someone has this malady? What specifically do you do then?

Come learn about the symptoms of PTSD, and the many areas where hypnotherapy and NLP can help. During this workshop, two NLP processes will be

explored and demonstrated. This course is practical and hands-on. By the time you leave, you will know how to best help your clients achieve their goals.

*Having over 35 years of experience, Joan Courtney is a clinical hypnotherapist and an NLP practitioner. She specializes in anxiety, depression, and trauma/PTSD. She has worked with veterans and others affected by PTSD for over 20 years.*

### **Workshop - 9:30 am - 12:30 pm - Cost \$35\***

#### **Heroes of Hypnosis, Waxkirsh/Lumaire**

We stand on the shoulders of some of the great mind and body explorers.... Paracelsus, Greatrakes, Hell, Faria, Braid, Mesmer, Charcot, Elman and Boyne..... to name but a few. But what do we really know about

their experiments of the trance state and how they achieved it? What would it be like to employ the techniques that they created for the world of trance and healing?

Their discoveries have become the foundations of modern-day hypnotic inductions, now our staple in hypnotherapy and stage performance.

We invite you to an archeological dig, venturing into the construction process of past hypnotic inductions.

This workshop is a totally interactive practical experience of historic inductions, including vintage film footage from some of the masters of the 20th century.

*Sharon Waxkirsh and Dr Brice Lemaire have made joint presentations for ACHE, Hypnosummit, Hypnodontics Summit and DEHI. Both run hypnotherapy schools with a combined knowledge of almost 40 years experience, their background training includes Boyne, Butler, Kein and McGill.*

### **Presentation - 9:30 am - 10:20 am**

#### **Past Life Regression with The Higher Self, Keli Raymond**

Past life regression is a profound and healing experience. So many of our clients seek our help feeling “stuck” in their lives, unfulfilled and uncertain of the direction they need to go in order to find true happiness. We all come into our lifetime with a Soul Purpose. When we are on that path, we are aligned with purpose driven work, joyful relationships and internal fulfillment.

This process facilitates past life experiences that reflect insights to one’s “Soul Theme” and presents a unique dialogue on a Soul level that provides the information they are searching for, realigning them with on their authentic path that leads to ultimate life fulfillment.

*Keli Raymond is a Master Hypnotic Coach & Psychic Medium. She's the owner of Pathway Hypnotherapy & Intuitive Counseling, LLC. Keli's work was featured on the show "I Am Jazz", successfully guiding Jazz Jennings to lose 30 lbs in preparation for surgery.*

### **Presentation - 10:30 am - 11:20 pm**

#### **Emotional Clearing: Finding the Window Within, Patricia Reynolds Sørbye**

Many troubling concerns contain powerful emotional components to be addressed for real change to happen: mental blocks, fears, stresses, anxiousness, poor

self-esteem, reactivity, anger, and more. Suggestions alone may not be enough with long-term, deep-seated emotional issues that have tripped the client up – sometimes for decades. The good news is what casts the shadow of strong emotion shifts neatly with a creative blend of hypnotic techniques.

This training helps a client who's suffered from an old story for a very long time. Here are simple, effective elements that can lead to a lighter, clearer, and more focused life for the client. My hope is that this helps to cultivate dependable success for you and your client in a very rewarding aspect of our work.

*Patricia Reynolds Sørbye is a Certified Clinical Hypnotherapist, and Instructor at Hypnotherapy Training Institute, with 18 years in private practice in Oakland, California. Member ACHE Board of Directors. Conducted thousands of sessions of emotional clearing, resilience strengthening, and resource support.*

### **Presentation - 11:30 am - 12:20 pm**

#### **Secrets of a Stage Hypnotist, Michael DeSchalit**

Clinical hypnotists often think that stage hypnosis is bad for business. In this presentation I will change your mind, or at least how you view stage hypnosis and how it relates to our profession. I will reveal some of the secrets that every stage hypnotist knows and does in their show that actually help our profession. You don't want to miss this.

*Michael C. DeSchalit is a full time clinical and stage hypnotist. He has been practicing clinical hypnosis for 19 years and runs a successful practice entirely online. He works with high end clients specializing in confidence, self-esteem.*

### **Lunch - 12:30 pm - 2:00 pm**

### **Workshop - 2:00 pm - 5:00 pm - Cost \$35\***

#### **Core Change Through Analytical Hypnotherapy, John Butler**

Analytical hypnotherapy gives us powerful knowledge and skills for client change. The key teachings of how energy is transformed through cognitive, emotional and physical expression, are central to Dr. Butler's training methods and to the remarkable results he consistently achieves in his work as a therapist.

In this workshop, Dr. Butler demonstrates and teaches core skills of analytical hypnotherapy, guiding the client to uncover and address the deepest level of

emotional problems and negative beliefs, to produce radically new understandings and highly constructive integration of changes at spiritual, emotional and cognitive levels.

Learn to master the full range of this powerful therapy. *Dr. John Butler specializes in hypnotherapy for profound change in physical health and emotional wellbeing, including demonstrating hypnosurgery on live television and other media. In addition to training hypnotherapists at his school, he has taught and researched in medical sciences.*

**Workshop - 2:00 pm - 5:00 pm - Cost \$35\* (Adv)**  
**Trauma Reversal: Reduce and Eliminate Fears, Phobias and Anxiety, Heather Solarie**

Fears, phobias and anxiety are a result of some form of trauma which impresses itself upon the client mentally, emotionally and/or physically. During this technique a powerful information reintegration occurs throughout the central nervous system providing the client with effective reduction and often times complete elimination of fears, phobias or anxiety. This technology has been adapted from NLP for a seamless integration into hypnotherapy. It can be used as a standalone technique or within other traditional hypnotherapy modalities such as parts therapy or regression therapy. This workshop will include group and individual interactive lecture and demonstration.

*Creating breakthroughs for 30+ years, Heather Solarie is a certified Clinical Hypnotherapist and Professional Hypnotherapy Instructor, Certified in NLP, Liberation Breathing and a Licensed Massage Therapist. Heather Trained with Gil Boyne, Tim Simmerman, Dr. Alexander Lowen and Sondra Ray.*

**Presentation - 2:00 pm - 2:50 pm**

**Overcoming the Imposter Syndrome, Liza Boubari**

If you've ever felt like an imposter at work, you're not alone. Did you know anywhere from 9 to 82 percent of people report having thoughts along these lines at some point? Many focused on accomplished, successful men and women go through this daily. It's become clear that imposter syndrome can affect anyone in any profession, from graduate students to top executives.

*Liza Boubari is a Certified Clinical Hypnotherapist, Stress and Anger Management Counselor, Domestic Abuse Consultant, Action Coach as well as a successful, multifaceted entrepreneur.*

**Presentation - 3:00 pm - 3:50 pm**

**Athletic Enhancement, Keith O'Neill**

Successful athletes must be disciplined and dedicated to doing what's necessary to stay in top physical condition. However, the best and most successful athletes understand it's vital to be mentally prepared. Their mental preparation or lack thereof is the difference between mediocrity and greatness. Keith O'Neill is an athlete, coach and has worked with professional, and Division 1 athletes in many different athletic endeavors to stay motivated, focused and overcome emotional and mental issues that keep them from excelling in their respective sport. This interactive presentation will give you information and strategies on how to work with athletes, how to connect with potential clients and expand your practice.

*Keith O'Neill Ph.D. is a Father, Author, Self-Esteem Coach, Hypnotherapist, Speaker and the survivor of a life-threatening head injury. Clients include; adults, children, teens, well-known celebrities, professional athletes, and some of the biggest and most successful companies in the world.*

**Presentation - 4:00 pm - 4:50 pm**

(Adv)

**The Cat in the Library Learns to Read, Gordon Francis**

We all see only a glimpse of what is really going on, just like a cat in a library. What if the cat were to learn to read, and so have the ability to dive into the wonder and majesty hidden in the books? Reality would shift for her in a startling way! And the cat would never be the same. As hypnotherapists, we help our cats learn to read: to recognize their deepest nature, and their connection to Experience. This presentation is about these things. Discovery. Wonder. And most importantly, Belonging.

*Gordon Francis has practised as a hypnotherapist for 20 years. I have a kind heart. Most of my clients have good outcomes and like me. I intend to make a meaningful difference for people, and for our place here (the planet).*

**Friday Night 7:00 pm**

Network, relax and be entertained. New attendees will be introduced, and you will have a chance to mingle with and get to know your A.C.H.E. Board members.

**Workshop - 9:30 am - 12:30 pm - Cost: \$35\***

**Re-Vision 2.0, Katherine Zimmerman**

The Re-Vision Process comes as a gift from Spirit. This revised and upgraded process combines hypnosis, energy work and a simple application of the Emotional Freedom Techniques along with learning how to create the energy you desire. This is an updated version with a whole new method of approaching a higher vibrational state.

No one process magically heals everything, but there are dependable benefits clients will most likely experience, including

- A deep sense of happiness and contentment
- Increased sense of freedom
- Greater ease in relating to others
- A deeper spiritual connection
- A greater sense of lightness and clarity

You can apply this process to almost anything. Besides the overall sense of well being, each client experiences a significant shift toward achieving their goal.

*Katherine Zimmerman, an internationally-known author and speaker, Certified Clinical Hypnotherapist, Reiki Master, and EFT Practitioner. Katherine is the Director of the California Hypnotherapy Academy and a former guest lecturer for the University of California Medical Center, Davis.*

**Workshop - 9:30 am - 12:30 pm - Cost: \$35\***

**Keys to Making Your First, Best and Lasting Impression, Keith O'Neill**

Starting and growing a successful Hypnotherapy practice can be challenging, and requires a commitment of time, energy and focus. How you use that time, energy and focus, as well as the impression you make while networking through social media, advertising in traditional media or in-person will have a profound effect on your success.

In this interactive, and fun workshop you will learn strategies on how to present the best version of yourself to attract and maintain clients and how to breakdown false myths about Hypnotherapy that may keep you from earning the trust of potential clients. Keith will walk you through and give you information on how to create a 20 to 30-minute presentation from start to finish that you can present to service clubs or corporate Lunch and Learns to gain clients.

*Keith O'Neill Ph.D. is a Father, Author, Self-Esteem Coach, Hypnotherapist, Speaker and the survivor of a life-threatening head injury. Clients include; adults, children, teens, well-known celebrities, professional athletes, and some of the biggest and most successful companies in the world.*

**Presentation - 9:30 am - 10:20 am**

**Unleashing the Power of Metaphors, Roger Dent**

The right metaphors can generate powerful images in the minds of clients and give you amazing results with each session. Are you using metaphors and analogies with clients, though finding that you aren't getting the response you expect? Do you rely on scripts to generate ideas and structure your sessions? This brief presentation will show you how clients often give you clues that guide your session to success, when open-ended imagery may be more effective than specific images, and certain "go-to" metaphors that always get a positive response. Learn methods to determine which metaphors will elicit the best response from your client.

*Roger Cooper Dent is a certified Clinical Hypnotherapist and member of the American Council of Hypnotist Examiners since 2010. He has published multiple articles on the use of metaphors and guided imagery in hypnosis.*

**Presentation - 10:30 am - 11:20 am**

**Trees, Lakes Feathers and Farms: Creating Sanctuary, Anna Kato**

Moving from an induction into a sanctuary, a place real or imagined, clients experience the wisdom of their subconscious mind rapidly. Through this process clients learn to trust themselves to return to their sanctuary in which they experience a state of focused awareness for any purpose, especially when they want to change unwanted feelings, or unwanted behaviors in their daily lives. The presentation includes a case study and a personal experience of moving into your sanctuary.

*Anna Kato's background in multicultural education, teacher education, and counselor education led her to become a hypnotherapist after retiring from university teaching. Hypnotherapy affords her a deeply meaningful way to continue contributing to people's well-being.*

**Workshop - 2:00 - 5:00 pm - Cost \$35\***

**Transformation Through Emotional Clearing  
Regression, Randal Churchill**

Hypnotic regression often provides an opportunity for powerful therapy. Some therapists limit the possibilities for healing by a standard procedure of emotionally detaching the client during regression. However, openness to the subconscious emotions, when appropriate, can frequently offer greater potential for more profound transformation. Processes such as the affect bridge and Gestalt can facilitate access to the emotions during the process of more comprehensive work.

This workshop includes a live demonstration and an overview of methods of working with regression, emphasizing Churchill's 15 Steps in Emotional Clearing Regression. The use of ideomotor methods will be explored, including as a means of guidance. The subject of recovered memories will be addressed, including issues of responsibilities of the therapist and how to avoid influencing memories.

*Randal Churchill is past President of the ACHE. He is founder and Director of the Hypnotherapy Training Institute, one of the first state-licensed hypnotherapy*

*schools (1978) and author of Regression Hypnotherapy, Become the Dream and Catharsis in Regression Hypnotherapy.*
